## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 23 is rejected under 35 U.S.C. 102(b) as being anticipated by Wong et al (Wong).

Wong's Figs 1-3, the abstract and column 9, lines 5-17 show and describe an apparatus for performing multiplication operations comprising means for configuring a partitionable tree structure (Fig. 3) to be a unified tree structure (when the two multiplier paths 370 and 372 are interconnected) in response to a non-SIMD instruction decode (the 32 bit floating point mode) and as a partitioned tree structure (when the two multiplier paths 370 and 372 are not connected) in response to a SIMD instruction decode ( the dual 16 bit mode) and means for formatting data supplied to the booth encoder according to whether the instruction decode is non-SIMD or SIMD instruction decode (the data received by the booth recoder, elements 374, 376, 378 and 380 is dependent on whether the mode is 32 bit floating point or dual 16 bit). Note that for 32 bit floating point only 24 are fed to the multiplication process.

### ***Allowable Subject Matter***

3. Claims 1-3 and 5-22 are allowed.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
